"On the Loose" Digital Pet Tips and Tricks

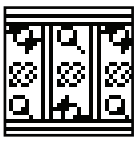
How to Play Mini-Games

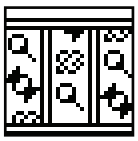
Slot Machine

Match three of the same kind in a row. Use the left button to start the slot machine. Use the right button to stop the spinners.

Do this eight times to win! If you make three wrong matches, you lose.

TIP: It takes good timing to stop the spinners in the correct place. Try to figure out which item comes before the one you want.



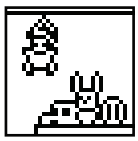


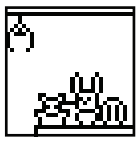
Toy Crane

Use the crane to find two matching toys.

Move the crane right and left with the right and left buttons. When the crane is above the toy you want, don't touch the buttons and the crane will pick up the toy below it.

Match the toys four times to win! If you make three wrong matches, you lose.





Bank Vault

Three numbers will flash on the bottom of the screen when the game starts. This is the combination to the bank vault!

Use the left button to spin the dial. Press the right button to stop the wheel on the next number in the combination.

If you get the three numbers of the combination correct, the safe will open! If you don't get the combination correct, you lose and will have to try again.
